Although we strive to ensure that our rules are perfect, sometimes mistakes do creep in, or the intent of a rule isn’t as clear as it might be. These documents collect amendments to the rules and present our responses to players’ frequently asked questions. As they’re updated regularly, each has a version number; when changes are made, the version number will be updated, and any changes from the previous version will be highlighted in magenta. Where a version number has a letter, e.g. 1.1a, this means it has had a local update, only in that language, to clarify a translation issue or other minor correction.

ERRATA

All datasheets (excluding SERVITORS)

Add the following ability:

‘Shock Assault: If this unit makes a charge move, is charged or performs a Heroic Intervention, add 1 to the Attacks characteristic of models in this unit until the end of the turn.’

Page 64 – Special Issue Ammunition

Change the first paragraph of this ability to read: ‘When this unit fires any ranged weapons from the following list, you can choose for it to fire special ammunition. If you do so, the Bolter Discipline ability does not apply when resolving their shots, but you instead choose one kind of ammunition from the table to the right and apply the corresponding modifier.’

Designers Note: Note that the normal rules for Rapid Fire weapons, as described in the Warhammer 40,000 core rules, continue to apply when shooting a Rapid Fire weapon with special issue ammunition.

Page 67 – Watch Captain in Terminator Armour, Wargear Options

Change the first bullet point to read:

‘• This model may replace its storm bolter with a lightning claw, storm shield, thunder hammer or one item from the Terminator Combi-weapons list.’

Change the second bullet point to read:

‘• This model may replace its relic blade with a lightning claw, storm shield or one item from the Terminator Melee Weapons list.’

Pages 68 and 70 – Librarian and Chaplain, Wargear Options

Change the first bullet point to read:

‘• This model may replace its bolt pistol with a boltgun or one weapon from either the Pistols or Terminator Combi-weapons list.’

Page 72 – Veterans

Replace the Mixed Units ability with the following:

‘Mixed Unit: A unit of Veterans can contain models with different Toughness characteristics. If this is the case, use the Toughness characteristic of the majority of the models in the unit when the enemy makes wound rolls against it. If there is no majority, the Deathwatch player can choose which of the values is used. For the purposes of the Bolter Discipline ability and for determining what models a vehicle can transport, Terminators have the Terminator keyword, Bikers do not have the Infantry keyword and instead have the Biker keyword, and Vanguard Veterans have the Jump Pack keyword.

For the purposes of setting up on or moving through Battlefield Terrain, this unit is treated as an Infantry unit, even if it contains any Biker models.’

Designer’s Note: This is a slight abstraction which means that a Biker model in a Veterans unit behaves slightly differently to other Biker models in other units (for example, they can end a move on the upper floors of a ruin), but it helps to minimise unusual and complicated effects that could come about from forcing one model from a unit to move and benefit from cover in a different way to other models from the same unit.

Page 72 – Veterans, Wargear Options

Change the second bullet point to read:

‘Up to 4 Veterans may replace their boltgun with an item from the Heavy Weapons list. If they do so, those models cannot be given any other wargear options from this wargear options list.’

Change the third bullet point to read:

‘Any Veteran may replace their boltgun with a heavy thunder hammer (pg 91). If they do so, that model cannot be given any other wargear options from this wargear options list.’
**Page 72 – Veterans, Vanguard Strike**
Change the first sentence of this ability to read:
‘During the Movement phase, Vanguard Veterans can move across models as if they were not there, and when moving across terrain features, vertical distance is not counted against the total these models can move (i.e. moving vertically is free for these models in the Movement phase). During the Charge phase, Vanguard Veterans can move across models (other than **Buildings**) as if they were not there.’

**Pages 73, 77 and 91 – Intercessors, Reivers and Armoury of the Deathwatch, Grapnel Launchers**
Change the first sentence to read:
‘When models with grapnel launchers move in the Movement phase, do not count any vertical distance they move against the total they can move (i.e. moving vertically is free for these models in the Movement phase).’

**Page 73 – Intercessors, Terror Troops**
Change this ability to read:
‘Whilst any Reiver units or units that contain any Reiver models from your army are within 3” of any enemy units, subtract 1 from the Leadership characteristic of each of those enemy units for each Reiver unit or unit that contains any Reiver models from your army that is within 3” of that enemy unit (to a maximum of -3).’

**Page 73 – Intercessors, Wargear Options**
Change the second and third bullet points to read:
‘• For every five Intercessors and/or Intercessor Sergeants, one may take an auxiliary grenade launcher.’
‘• The Intercessor Sergeant may either replace their bolt rifle with a chainsword, power sword or power fist (pg 91) or take a chainsword, power sword or power fist in addition to their other weapons.’

**Designer’s Note:** This errata reflects the updated datasheet changes found in Chapter Approved 2018.

**Page 73 – Intercessors, Inceptor Strike**
Change the first sentence of this ability to read:
‘During the Movement phase, Inceptors can move across models as if they were not there, and when moving across terrain features, vertical distance is not counted against the total these models can move (i.e. moving vertically is free for these models in the Movement phase). During the Charge phase, Inceptors can move across models (other than **Buildings**) as if they were not there.’

Add the following to this ability:
‘**Matched Play:** This model and any units embarked aboard it are exempt from the Tactical Reserves matched play rule, except that if it and any units embarked aboard it have not arrived on the battlefield by the end of the third battle round, they count as having been destroyed.’

**Page 87 – Corvus Blackstar, Infernum halo-launcher**
Change the ability text to read:
‘If an enemy unit that can Fly targets a supersonic model with an infernum halo-launcher in the Shooting phase, your opponent must subtract 1 from the subsequent hit rolls.’

FAQs
Q: Is a Deathwatch Biker’s Deathwatch Teleport Homer marker treated as a unit from the player’s army?
A: No.

Q: How do Dragonfire bolts behave when shooting units that aren’t in cover, but have a rule that means they have ‘the benefit of cover’ (e.g. Jormungandr units with the Tunnel Networks ability)? Would you still add 1 to the hit rolls for Dragonfire bolts?
A: No. You add 1 to the hit rolls against units that are in cover (i.e. entirely on or within a terrain feature). Units receiving the benefit of cover while not being in cover do not count.

Q: How does the xenophase blade interact with invulnerable saves that don’t allow saves to be re-rolled (e.g. from an Archon’s Shadowfield ability, or the Chaos Daemons’ Warp Surge Stratagem)?
A: In such cases, the successful invulnerable saves must be re-rolled. The intent of the wording of Shadowfield and Warp Surge is to prevent a re-roll of an unsuccessful save, not to prevent an obligatory re-roll of a successful one.

Q: If I use the Castellan of the Black Vault Warlord Trait on a weapon with multiple profiles, like a combi-weapon or guardian spear, does the additional damage apply to all of that weapon’s profiles?
A: Yes.

Q: Can a Watch Captain replace his chainsword and master-crafted boltgun with a storm bolter and another chainsword, and then replace his ‘new’ chainsword with either a relic blade or xenophase blade?
A: Yes, because these wargear options are two separate bullet points (you cannot choose the same bullet-pointed wargear option for a unit more than once, however).

Q: In a unit with a mixture of different model types, if not every model has a certain keyword, such as Phobos or Mark X Gravis, is that unit considered to be a unit with that keyword?
A: No. A Deathwatch unit is only considered to have that keyword if every model in the unit has that keyword. If an ability asks you to pick a model (rather than a unit) with a specific keyword, a model with the appropriate keyword in a mixed unit can still be picked.
