## Indomitus Version 1.1

These documents collect amendments to the rules and present our responses to players' frequently asked questions. Often these amendments are updates necessitated by new releases or community feedback; these can be identified by the presence of an asterisk before the page reference. At other times, these amendments are errata designed to correct mistakes or add clarity to a rule that is not as clear as it might be.

As they're revised regularly, each of these documents has a version number; where a version number has a letter, e.g. 1.1a, this means it has had a local amendment, only in that language, to clarify a translation issue or other minor correction. When a document is revised, the version number will be incremented and new updates will be highlighted in **blue**, while new errata and FAQs will be highlighted in **magenta**.

Change the second bullet point to read:

- If that unit is a **CHARACTER** unit, it is eligible to perform a Heroic Intervention if it is within 6" horizontally and 5" vertically of any enemy unit, and when performing a Heroic Intervention with that unit, you can move each model in that unit up to 6".

Add a third bullet point as follows:

- Each time a model in that unit makes a pile-in or consolidation move, it can move up to an additional 3".

## FAQS

*Q: If a model with the Stimulated by Pain Warlord Trait loses a number of wounds and then regains them, can its Attacks characteristic ever go below the value shown on its datasheet as a result of this Warlord Trait?*

A: No.

*Q: If a model with the Liber Hereticus Relic manifests the Cursed Earth psychic power, does the size of the aura increase from 6" to 12"?*

A: No. *Cursed Earth* is an aura and does not have a range as such, so this psychic power is not affected by the Liber Hereticus Relic.

## INDEX: WORLD EATERS

The following question relates to *Index: World Eaters*, published in White Dwarf 477:

*Q: Can a **PSYKER** unit be from the World Eaters Legion and/or gain the **KHORNE** keyword?*

A: No. A **PSYKER** unit cannot be/gain either of these things.
