

CODEX: ORKS

Indomitus Version 1.0

These documents collect amendments to the rules and present our responses to players' frequently asked questions. Often these amendments are updates necessitated by new releases or community feedback; these can be identified by the presence of an asterisk before the page reference. At other times, these amendments are errata designed to correct mistakes or add clarity to a rule that is not as clear as it might be.

As they're revised regularly, each of these documents has a version number; where a version number has a letter, e.g. 1.1a, this means it has had a local amendment, only in that language, to clarify a translation issue or other minor correction. When a document is revised, the version number will be incremented and new updates will be highlighted in blue, while new errata and FAQs will be highlighted in magenta.

FAQs

Q: When a Nob replaces their slugga and choppa with items from the Nob Weapons list, can they take two weapons from the first list and one weapon from the second list, for a total of three weapons (e.g. a big choppa, killsaw and a kombi-weapon with skorcha)?

A: No. They can take two weapons from the first list or only one if it is taken from the second list.

*Q: If a **GOFF** Gorkanaut attacks a unit with the Crush profile of the Klaw of Gork (or possibly Mork), and the unmodified hit roll is a 6 (allowing him to make an extra hit roll with the Klaw due to the No Mukkin' About kultur), does the extra hit roll have to be made using the same profile, or can it be made with the weapon's other profile instead?*

A: The extra hit roll is made using the same profile.

*Q: Do **EVIL SUNZ** models that have a set value when they Advance – like a Deffkilla Wartrike using the Fuel-mixa Grot ability or a Deffkopta, due to Turbo-boost – also benefit from the Red Ones Go Fasta kultur?*

A: Yes, add 7" to their Move characteristic for that Advance move in these cases.

Q: Does the Grots ability mean that units such as Mek Gunz and Killa Kans do not benefit from a Clan Kultur?

A: Yes – they do not benefit from a Clan Kultur. Furthermore, Ork Stratagems can only be used on these units if they explicitly state so (e.g. the Grot Shields Stratagem).

Designer's Note: *Although many grots follow a particular clan into war, due to their puny and feeble nature they do not themselves exhibit the traits of any particular clan (for example, the teef of grots within a Bad Moons warband do not grow any faster). For this reason, grots do not benefit from any Clan Kultur. This includes Big Gunz from Index: Xenos 2, and Grot Tanks and Grot Mega-tanks from Imperial Armour – Index: Xenos, all of which are, for rules purposes, considered to be units comprised entirely of **GRETCHIN**.*

Q: *If a **FREEBOOTERZ** unit comprised entirely of **GRETCHIN** destroys an enemy unit in a phase, do other friendly units within 24" that have the Competitive Streak kultur add 1 to their hit rolls until the end of that phase?*

A: Yes, unless the friendly unit in question is also comprised entirely of **GRETCHIN**.

Q: *Do **SNAKEBITE GRETCHIN** units from my army benefit from the Monster Hunters Stratagem?*

A: No.

Q: *When using the Mob Up Stratagem, does either unit count as being destroyed for the purposes of any victory conditions or secondary objectives?*

A: No.

Q: *When using the Mob Up Stratagem, do any of the rules effects that were being applied to the selected units get applied to the merged unit? For example, if one unit had Advanced or Fallen Back, does the merged unit count as having Advanced or Fallen Back, or if one unit is under the effect of a psychic power, is the merged unit still under its effects?*

A: Yes, each rule effect that was being applied to each of the selected units is applied to the merged unit.

Q: *What happens when the Mob Up Stratagem is used to merge a **<CLAN> INFANTRY** unit that has a Clan Kultur with a **<CLAN> INFANTRY** unit without a Clan Kultur?*

A: The merged unit would not have a Clan Kultur. The merged unit only has a Clan Kultur if the selected units both had it.

Q: *When using the Tellyporta Stratagem on a **TRANSPORT**, do I include the Power Rating of units embarked inside when calculating if the Power Rating is 20 or less?*

A: No.

Q: *Do Stratagems used on a **TRANSPORT** affect units embarked within that transport? For example, if I use More Dakka! on a Battlewagon, do any units embarked inside benefit from it? In addition, can you use Stratagems on units embarked within a transport (e.g. can you use Showin' Off on a **BAD MOONS INFANTRY** unit embarked within a Battlewagon)?*

A: No to both.

Q: *If an attack inflicts mortal wounds in addition to the normal damage on a **TRUKK** and the damage is subsequently reduced to 1 as a result of the Ramshackle ability, are the mortal wounds inflicted included in this damage reduction?*

A: No. Any mortal wounds would be inflicted in addition to the damage of 1.

Q: *When the Showin' Off Stratagem is used on a **BAD MOONS INFANTRY** unit, can it select a different target for the second set of attacks?*

A: Yes. The shooting sequence is followed again, thus allowing them to 'choose targets' again.
