## Indomitus Version 1.0

These documents collect amendments to the rules and present our responses to players' frequently asked questions. Often these amendments are updates necessitated by new releases or community feedback; these can be identified by the presence of an asterisk before the page reference. At other times, these amendments are errata designed to correct mistakes or add clarity to a rule that is not as clear as it might be.

As they're revised regularly, each of these documents has a version number; where a version number has a letter, e.g. 1.1a, this means it has had a local amendment, only in that language, to clarify a translation issue or other minor correction. When a document is revised, the version number will be incremented and new updates will be highlighted in **blue**, while new errata and FAQs will be highlighted in **magenta**.

## FAQS

*Q: Can a unit that contains more than one model be given a Kustom Job with the Mekboy Workshop's Kustomise action?*

A: No. As described on Kustom Jobs (pg 60), Vehicle Kustom Jobs can only be given to a unit that contains one model.

*Q: When a **GOFF** model with the Brutal but Kunnin Warlord Trait attacks, are any additional hits generated by the No Mukkin' About clan kulture that don't reach the Inflict Damage step counted when determining how many additional attacks can be made?*

A: Yes. Note though, that when making additional attacks as a result of this Warlord Trait, no additional hits can then be generated due to the No Mukkin' About kultur.
