

GENERAL'S HANDBOOK 2019

Designers' Commentary, October 2019

The following commentary is intended to complement the *General's Handbook 2019*. It is presented as a series of questions and answers; the questions are based on ones that have been asked by players, and the answers are provided by the rules writing team explain and how the rules are intended to be used. The commentaries help provide a default setting for your games, but players should always feel free to discuss the rules before a game, and change things as they see fit if they both want to do so (changes like this are usually referred to as 'house rules').

Our commentaries are updated regularly; when changes are made any changes from the previous version will be highlighted in **magenta**. Where the date has a note, e.g. 'Revision 2', this means it has had a local update, only in that language, to clarify a translation issue or other minor correction.

Q: If a Pitched Battle profile has a later publication date than the latest General's Handbook, but its Pitched Battle Profile is not included in the latest General's Handbook, can it be used in a Pitched Battle?

A: Yes.

Q: In a Pitched Battle, can I use a faction terrain feature as a primary or secondary terrain feature choice?

A: Yes you can, but if you do so, you must set up that terrain feature under the restrictions that apply as if it were 'Unique'. In addition, do not use the warscroll for a faction terrain feature that is taken as a unique terrain feature. Instead, you must roll to generate a scenery rule for it.
