

## Championship Format – Designer’s Commentary, June 2020

The following commentary is intended to complement games of Warhammer Underworlds played in the Championship and Alliance formats. It is presented as a series of questions and answers; the questions are based on ones that have been asked by players, and the answers are provided by the rules writing team and explain how the rules are intended to be used.

The *Warhammer Underworlds: Beastgrave* rules replace the *Warhammer Underworlds: Nightvault* rules and the *Warhammer Underworlds: Beastgrave* Errata and this commentary replace the *Warhammer Underworlds: Nightvault* Errata and Designer’s Commentary for games played in the Championship and Alliance formats.

Our commentaries are updated regularly; when changes are made any changes from the previous version will be highlighted in **magenta**. Where the stated date has a note, e.g. ‘Regional update’, this means it has had a local update, only in that language, to clarify a translation issue or other minor correction.

### Warhammer Underworlds FAQs

The following FAQs relate to all games of *Warhammer Underworlds*.

*Q: How do you define ‘unique’ for the purposes of deck construction? Can I include two Great Strengths in my deck if they have different art?*

A: A card’s uniqueness is determined by the name of that card. Each card in your power and objective decks must be the only card in that deck with that name: for example, you cannot include two Great Strengths in the same deck. Note that cards that have the same name but in different languages count as the same card: a deck could not include both the English ‘Great Strength’ and the French ‘Force Accrue’ for example. Similarly, where there is more than one printing of a card (e.g. if it was printed in both Nightvault and Beastgrave) each printing counts as the same card.

*Q: Once the battlefield has been set up, can I use the board my opponent picked as my territory?*

A: No.

*Q: When I place the last objective token, can I place it in an edge hex even if there is a hex, other than an edge hex, that I could place it in?*

A: Yes.

*Q: If an objective token is flipped, does it count as being removed from the battlefield for the purposes of cards like Scorched Earth?*

A: No.

*Q: Can I use a do-over more than once?*

A: No.

*Q: When a player decides to use a ‘do-over’, can I check their discarded cards before I make my decision about whether or not to use a ‘do-over’?*

A: No. The player who chose the first game board is first to decide whether to use a do-over, but they do not discard any cards until each player has declared their intention to use a do-over or not.

*Q: When do re-rolls happen?*

A: If a rule grants you a re-roll, unless stated otherwise you use it immediately after making a roll. For example, if a player is making an Attack action, and both they and the player whose fighter is targeted have a rule allowing them to re-roll one dice, the attacking player makes their roll, then if they wish they re-roll one of those dice, then the defending player makes their roll, and then if they wish they re-roll one of the dice. The attacker cannot wait until after their opponent rolls to decide whether or not to use a re-roll.

*Q: How does it work if I have multiple rules allowing me to re-roll a dice?*

A: You can only ever re-roll any particular dice once. However, if for example you have two rules allowing you to re-roll a dice when a fighter makes an Attack action and you roll at least two dice for that Attack action, you can re-roll two of the dice. As these are separate abilities, you can roll the attack dice, then you can re-roll one of the dice, and then you can re-roll one of the dice not already re-rolled.

*Q: If a single ability allows you to re-roll multiple dice, can you re-roll the dice one at a time, and after each roll decide whether or not to re-roll the next one, and so on?*

A: No.

*Q: What happens first, the roll-off to see which player goes first in an action phase, or abilities that are resolved at the start of an action phase?*

A: The roll-off.

*Q: What do 'away' and 'further away' mean?*

A: When a rule tells you to push or move a fighter (or objective) 'away' or 'further away' from a hex, fighter, or token, it means that each hex they move into or are pushed into as part of that push or move must be further from that hex, fighter or token than the hex they just left. This distance is counted in hexes (by the shortest route, even if that means counting a blocked hex).

*Q: If a card says to push a fighter up to two hexes, what does that mean?*

A: You can leave the fighter where they are (a push of 0 hexes, in which case the fighter is not considered to have been pushed), you can push them one hex or you can push them two hexes; note that you cannot push them back into the hex they began in.

*Q: If a fighter is pushed a distance of 0 hexes, are they considered to have been pushed?*

A: No.

*Q: Can a fighter pushed by Scatter end that push in the hex the push started in?*

A: Yes.

*Q: Is a fighter within 0, 1, 2, 3 etc. hexes of themselves, for the purposes of cards with a range (e.g. Sphere of Ghur, Sphere of Chamon)?*

A: Yes.

*Q: Can a fighter be adjacent to themselves?*

A: No.

*Q: Does a fighter take damage from a lethal hex if they are standing in the hex when it becomes a lethal hex?*

A: No.

*Q: Can a fighter have both the Hunter and Quarry keywords?*

A: Yes.

*Q: Can I apply an upgrade to an enemy fighter?*

A: No.

*Q: When a fighter is taken out of action, do their upgrades go in the discard pile?*

A: No. They still have their upgrades.

*Q: If my fighter has a reaction that works after an Attack action that targets them (e.g. the reaction on Spiteful Charm), can I use that reaction if the Attack action takes my fighter out of action?*

A: Not unless explicitly stated otherwise.

*Q: If a fighter is out of action, can they become Inspired?*

A: No.

*Q: Do upgrades given to a fighter still apply when that fighter is out of action? For example, does the Wounds modifier from Great Fortitude still apply, and does the Quarry keyword from Survival Instincts still apply?*

A: Yes.

*Q: If a fighter with a Move token makes another Move action (e.g. with Combat Drill) do they gain another Move token?*

A: Yes.

*Q: Can a fighter make an Attack action on multiple activations in a single action phase if it hasn't got a Charge token and it has a valid target?*

A: Yes.

*Q: Can a player declare that their fighter is making a charge action and then move that fighter in such a way as to have them taken out of action by a lethal hex and still be considered to have made a charge action?*

A: No.

*Q: Can I activate a fighter that has a Charge token to put them on Guard?*

A: No. A fighter that has a Charge token cannot be activated.

*Q: When a fighter with a Move token, Charge token or Guard token is taken out of action, and returned to the battlefield in the same Action phase, do they still have those tokens?*

A: No.

*Q: What is the difference between a fighter having a Guard token and a fighter being on Guard?*

A: A fighter with one or more Guard tokens is on Guard, but there are other ways for a fighter to be on Guard (e.g. with the Survival Instincts upgrade).

A fighter that is on Guard counts both  and  as successes in their defence rolls. In addition, they cannot be driven back.

A fighter that makes a Charge action loses their Guard tokens, but if they are on Guard for a reason other than their Guard tokens (e.g. because they have the Survival Instincts upgrade) then they are still on Guard after the Charge action.

Some older cards tell you to 'put' a fighter on Guard, or that a fighter 'goes' on Guard. In both cases this means that you give that fighter one Guard token.

*Q: Can a fighter that is on guard ever be trapped?*

A: No.

*Q: Do cards that change the distance a fighter can move in a Move action – for example Danse Macabre – affect the distance that fighter can move with a Charge action?*

A: Yes. A Charge action is a Move action followed by an Attack action. The Move action is made in the same way as a normal Move action, and is subject to the same modifiers.

*Q: Are Range, Dice, Damage, Move, Defence and Wounds the same thing as Range characteristic, Dice characteristic, Damage characteristic, Move characteristic, Defence characteristic and Wounds characteristic?*

A: When the term is capitalised, yes. For example, +1 Move means 'increase this fighter's Move characteristic by 1'. A fighter whose printed Move characteristic is 3 and who has +1 Move (e.g. from Great Speed) has a Move characteristic of 4. In another example, if a Damage 1 Attack action has +1 Damage (e.g. from Gloryseeker), that Attack action's Damage characteristic is 2.

*Q: If I roll more than one success with an Attack action, do I deal damage more than once?*

A: No. Each successful Attack action only deals damage once, regardless of the number of successes rolled.

*Q: When checking if my Attack action has line of sight, if the line drawn touches an incomplete hex but doesn't go through it, does that still block line of sight such as when the line touches a blocked hex?*

A: No. Unlike with a blocked hex, as long as the line only touches the edge of an incomplete hex and doesn't go through the incomplete hex, the incomplete hex doesn't block line of sight.

*Q: When a fighter makes a Scything Attack action that targets multiple fighters, normally each of those targets will be supporting the others. If a target is taken out of action during the Attack action, does that target still provide support to the others while the remainder of the Scything Attack action is resolved?*

A: No.

*Q: Step 4 of the combat sequence says that an Attack action is determined to be successful if you rolled more successes than the target's player. The glossary says under "Succeeds (Attack action)" that "An Attack action that succeeds deals damage." If something happens to negate the damage of an attack action that would succeed (such as the card Dark Destiny) is the attack considered to have failed or succeeded for game purposes?*

A: It is considered to have failed, with the exception of a successful Wall of Force Attack action, which does not deal damage when it is successful.

*Q: If my fighter makes a Scything Attack action, must they target all adjacent enemy fighters, or can I choose to only target some of them?*

A: You can choose which adjacent enemy fighters they target.

*Q: At what point during a Scything Attack action must a player decide which fighters that Attack action will target?*

A: At the point they declare that their fighter is making a Scything Attack action. This happens before Step 1 of the combat sequence for the first Attack action made as part of that Scything Attack action.

*Q: Are spell Attack actions also considered to be Attack actions?*

A: Yes.

*Q: Are magic dice considered to be attack dice when you make a spell Attack action?*

A: No. Cards that specify 'attack dice' do not interact with magic dice. You cannot roll attack dice when attempting to cast a spell Attack action. However, cards that affect the Dice characteristic do affect spell Attack actions. For example, Sphere of Hysh would give a wizard another magic dice for their spell Attack actions, while Fumble would mean they had one fewer magic dice. If Blood Rain is in effect when a spell Attack action is made, it has a ✕ characteristic but the player still rolls magic dice, meaning that they will need rolls of ❸ to have any hope of success.

*Q: If a card provides a bonus to an Attack action with 'Range 1 or 2', could it be used with a Range 3 attack being used from a distance of one or two hexes?*

A: No. 'Range' always refers to the characteristic of an Attack action, and a fighter's distance from a target does not change that characteristic.

*Q: If one of my fighters makes a spell Attack action that fails because of my opponent's defence roll, did my fighter cast that spell?*

A: No.

*Q: If my fighter attempts to cast a spell that requires two ❸ symbols, and I roll a single ❸ symbol, is that one critical success enough to cast the spell?*

A: No.

*Q: When a fighter has one or more wound tokens and then their Wounds characteristic is reduced by a modifier, what happens?*

A: The modifier has no effect on the wound tokens on that fighter's fighter card. Once the modifier is applied, check to see if the wound tokens on the fighter card equal or exceed its new Wounds characteristic. If they do, the fighter is taken out of action. Changing a fighter's Wounds characteristic does not damage them.

*Q: When a fighter's reaction deals damage, who is considered to have dealt that damage?*

A: That fighter.

*Q: If my Attack action with Knockback succeeds, do I have to drive the enemy fighter back the full distance?*

A: No. For example, if your Attack action with Knockback 2 succeeds, you can choose not to drive the enemy fighter back, or to drive them back 1, 2 or 3 hexes.

*Q: When a fighter is driven back more than one hex by an Attack action with Knockback, does that still allow reactions to a fighter being driven back? (E.g. Pit Trap).*

A: Yes.

*Q: If my opponent does something during my fighter's Charge action that means it cannot be resolved (e.g. my opponent makes a reaction that moves the target out of range of my fighter's Attack action), does my fighter still count as having made a Charge action?*

A: Yes.

*Q: If both my opponent and I want to play a ploy at the same time (e.g. we both want to play Confusion) do the sequencing rules come into play?*

A: No. The power step is played in a specific order, so you will each have an opportunity to play your ploy, and that opportunity is decided by the order of the players' activations (see page 26 of the rules).

*Q: For reactions taken during an Attack action, are 'before any dice are rolled' and 'before the attack roll' the same reaction window (e.g. for Potion of Rage)?*

A: Yes.

*Q: When a fighter makes an action as part of an activation, and the end of that action is the end of the activation (e.g. if the fighter simply makes a Move action), could the players play both a reaction that is triggered after an action and a reaction that is triggered after an activation?*

A: No. The action and the activation end simultaneously, so only one reaction can be played. That reaction could be triggered either by the action or the activation.

*Q: Do reactions that happen after the last action in an activation happen in that activation or in the power step?*

A: Neither. These reactions happen after the activation and before the power step.

*Q: Can reactions that happen after an activation (such as Snirk's Inspire reaction) block the reaction window of reactions that take place after an attack action (such as Pit Trap, or Skhathael's Reaction) if that attack action is the last action of the activation and the player with the 'after an activation' reaction has reaction priority?*

A: Yes.

*Q: Which comes first after an activation: scoring of any surge objectives scored during that activation; Inspiring of any fighters Inspired during that activation; or reactions to that activation or the last action in that activation?*

A: First any relevant fighters are Inspired, then there is the reaction window. After any reaction (and reactions to that reaction), surge objectives are scored. Note that 'during an activation/action' reactions happen before any of these.

*Q: If a fighter's Inspire condition is met by a reaction that takes place during an action, superaction, or activation, such as Stormsire casting the Iara's Instant Shield spell during an opponent's Attack action or Skritch being chosen with Countercharge, does the fighter Inspire after the reaction is resolved, or after the entire action/superaction/activation?*

A: After the entire action/superaction/activation is resolved.

*Q: If a fighter is not in a scoring position at the end of an action that is also the last action of an activation but is moved into a scoring position with a reaction to that action such as the one from Duellist's Speed or Double Time, do they count as having completed the objective "after an activation" for the purposes of cards like In the Name of the King, Scrum, or Swift Capture?*

A: Yes.

*Q: If both my opponent and I want to play a reaction at the same time (e.g. we both want to play Fuelled by Slaughter) do the sequencing rules come into play?*

A: No. Each player has a reaction opportunity in turn, starting with the player whose activation is next (see page 29 of the rules).

*Q: Some objectives refer to 'all fighters', or 'all surviving fighters', or 'all objectives' or similar, but also specify a number in brackets, like '(at least five)'. Can I score these objectives if I only meet the part of the condition in brackets, or do I have to meet the whole condition?*

A: You have to meet the whole condition. For example, you can only score March of the Dead if all of your surviving fighters made a Move action in the preceding action phase, and if you also have at least five surviving fighters.

*Q: When I score objectives in the end phase, are they scored simultaneously or one after the other, in an order of my choosing?*

A: One after another, in an order of your choosing.

*Q: Which 'score immediately' objectives can be scored if you draw them after meeting the condition to score them (rather than having them in your hand when you score them)?*

A: The norm is that a 'score immediately' objective must be in your hand when you meet the condition for you to score it. If you draw the objective after meeting the condition, you must meet the condition again before you can score the objective.

The following is a list of every exception to this norm that can be used in the Championship and Alliance formats. For the cards in this list, if you draw them after meeting the condition, you can score them immediately following the next action, reaction or gambit.

Blood for the Blood God  
(Shadespire #2 / Nightvault #118)  
Draw the Gaze of Khorne  
(Shadespire #4 / Nightvault #120)  
Let the Blood Flow (Shadespire #8 / Nightvault #124)  
Awe-Inspiring (Shadespire #30 / Nightvault #146)  
Call of the Waaagh! (Shadespire #30)  
Khorne Sees Us (Shadespire #178)  
No Escape (Shadespire #180)  
Ranger Strike (Shadespire #211)  
Drag Them Down (Nightvault #32)  
Swarming Spirits (Nightvault #34)  
Master of Magic (Nightvault #64)

*Q: Are all cards which say 'score this immediately' surge objectives?*

A: Yes.

*Q: If I meet the condition of a surge or 'score immediately' card during an activation, the Beastgrave rules state that I score that card after the activation. Is that true even if by the end of the activation the scoring condition is no longer met (e.g. for Death Sentence, if by the end of the activation the enemy fighter is taken out of action)?*

A: Yes. 'Score immediately' cards that do not specify a scoring window can be completed at any point, but must still be scored after an activation or power card is resolved in the same way as other surge objectives.

*Q: Exactly when do surge cards that score "After an activation" such as Scrum and Swift Capture check to see if they have been scored?*

A: Check to see if they are scored after the activation and any reactions to that activation/the last action in that activation, at the same time as surge objectives completed during that action/activation.

*Q: If a surge objective card with no specific scoring window, such as One Will, is drawn as an action during an activation or in the end phase and the scoring condition is met at that time, can you score that card at that time?*

A: Yes.

*Q: If a surge objective card which is scored after an activation, such as Swift Capture or Temporary Victory, is drawn as an action during an activation and the scoring condition is met at that time, can you score that card after that activation?*

A: Yes.

*Q: When do I score the glory points from upgrades that give you glory in the third end phase (such as the 'key' upgrades and Shifting Map)?*

A: At the beginning of the third end phase, before any player scores objectives. If more than one player has these upgrades, all glory points scored from these upgrades are scored simultaneously (and before any player scores objectives).

*Q: Some cards use the word 'additional', for example Danse Macabre (one additional hex for a Move action). Do these cards work if the value being added to is 0 (e.g. if a fighter with a Move characteristic of 0 was affected by Danse Macabre)?*

A: Yes.

*Q: When I resolve an ability that returns a card from my discard pile to my hand, do I have to show the card I return from the discard pile to my opponent?*

A: Yes.

*Q: When are spells that persist put in the discard pile?*

A: When their effect ends. Until then they are in play (it is often helpful to place them next to the fighter card of the fighter they are affecting) and not in a discard pile.

## Warhammer Underworlds Warbands FAQs

The following FAQs relate to warband cards from each season of Warhammer Underworlds.

### SKAETH'S WILD HUNT – OBJECTIVES

#### Kurnoth's Snare (Beastgrave #37)

*Q: Can I score this even if the enemy fighter treats lethal hexes as normal hexes? (E.g. Thorns of the Briar Queen.)*

A: Yes.

### THE GRYMWATCH – FIGHTERS

*Q: Can Duke Crakmarrow make the Ghoul Call action (with or without the Muster ability) if there are no friendly Crypt Ghouls out of action?*

A: No.

*Q: When using Ghoul Call, if the game boards are set up diagonally the line drawn from the Scatter token can leave and re-enter the battlefield. When this happens, which hex do I place the Crypt Ghoul in?*

A: The furthest empty hex in the direction drawn, which can be after the line has left and re-entered the battlefield.

*Q: When using Ghoul Call, what happens if I cannot place the Crypt Ghoul (because there are no empty hexes in the direction rolled).*

A: You cannot place the Crypt Ghoul.

*Q: When using Ghoul Call, can the Scatter token be in the furthest empty hex from the Scatter token (e.g. if I place it in an edge hex)? In other words, can I place a Crypt Ghoul in the same hex as the Scatter token?*

A: No.

*Q: If I place a Crypt Ghoul on an objective token at the start of the action phase using the Muster ability, does that Crypt Ghoul count as having been on that objective at the start of the round for the purposes of Dug In?*

A: No.

### THE GRYMWATCH – GAMBITS

#### Stench of Victory (Beastgrave #85)

*Q: If a fighter is pushed with Stench of Victory after the attack is successful, but before the deal damage step, are they still considered a supporting fighter for the purposes of cards like Low Cunning (to boost the damage about to be dealt) or Bravely Done!?*

A: Yes.

### THE GRYMWATCH – UPGRADES

#### Hunter's Nose (Beastgrave #91)

*Q: If Valreek has this upgrade, how does it work?*

A: While Valreek is on the battlefield with this upgrade, each enemy fighter has the Quarry keyword, even if that enemy fighter is out of action. While Valreek is out of action, the upgrade has no effect.

#### Seized Weapon (Beastgrave #94)

*Q: Does Seized Weapon deal damage when it is applied during the end phase?*

A: Yes.

*Q: If Seized Weapon takes an enemy fighter out of action in the end phase, can objectives such as Defending the Hearth be scored if they are in hand?*

A: Yes. Only surge objectives can be scored in this way.

#### **RIPPA'S SNARLFANGS – FIGHTERS**

*Q: After my rider's Attack action in their activation, can I use a reaction to that Attack action and then use the Snarlfang's Jaws Attack action reaction?*

A: No. A fighter's last action in an activation is simultaneous with the end of that activation, so those reactions share the same window.

#### **RIPPA'S SNARLFANGS – OBJECTIVES**

##### **Loaded with Plunder (Beastgrave #104)**

*Q: Can you score Loaded with Plunder using a fighter with 3 or more upgrades that is out of action?*

A: No.

#### **RIPPA'S SNARLFANGS – UPGRADES**

##### **Circling Hunter (Beastgrave #121)**

*Q: Can the reaction be used after a fighter performs a Charge superaction?*

A: Yes.

#### **HROTHGORN'S MANTRAPPERS – FIGHTERS**

*Q: How does Hrothgorn's ability to make each enemy fighter a Quarry work?*

A: While Hrothgorn is on the battlefield, each enemy fighter has the Quarry keyword, even if that enemy fighter is out of action. While Hrothgorn is out of action, the ability has no effect.

*Q: Does Bushwakka take damage if he enters the same hex as his Trap?*

A: No.

*Q: Does Bushwakka take damage if he enters the same hex as another Bushwakka's Trap?*

A: Yes.

*Q: Is the Trap a lethal hex or feature token?*

A: No.

*Q: Is the Trap model considered to be a fighter?*

A: No.

*Q: If a hex contains the Trap, does that stop it being an empty hex?*

A: No.

*Q: Can Bushwakka place the Trap in the same hex as an objective, or in a lethal hex, or in the same hex as another Trap?*

A: Yes.

*Q: What happens when a fighter enters a hex that contains the Trap and is a lethal hex?*

A: That fighter is dealt 2 damage by the Trap and then, if the fighter was not taken out of action, 1 damage by the lethal hex.

*Q: What happens when a fighter enters a hex that contains two or more Trap models?*

A: Use the sequencing rules.

*Q: Is the damage from the Trap model dealt before or after Snare and Pit Trap are resolved?*

A: Before.

*Q: Can the Trap damage fighters that are not affected by lethal hexes?*

A: Yes.

*Q: When Bushwakka is taken out of action, does the Trap remain on the battlefield? Does it still work as described on Bushwakka's fighter card?*

A: Yes.

#### **THE WURMSPAT – OBJECTIVES**

##### **Blessed Endurance (Beastgrave #129)**

*Q: If the targeted fighter survives the Attack action but is taken out of action during a reaction made during that Attack action or by being driven into a lethal hex, can this card be scored?*

A: No.

*Q: If the targeted fighter survives the Attack action but is taken out of action during a reaction made after the Attack action, such as Pit Trap, can this card be scored?*

A: Yes.

##### **Seeping Rot (Beastgrave #138)**

*Q: If a fighter holding an objective is the target of an Attack action that fails, or does not drive the target back, but the fighter is then pushed off the objective by a reaction to that Attack action (such as a reaction Attack action, or a reaction that can push), can this card still be scored?*

A: Yes.

*Q: If a fighter is not driven back by the Attack action, but is pushed by a reaction to that Attack action and is taken out of action during that push by a lethal hex, trap, or other source of damage, can this card still be scored?*

A: Yes.

#### **THE WURMSPAT – UPGRADES**

##### **Living Plague (Beastgrave #154)**

*Q: Can I use this reaction if the Attack action took my fighter out of action?*

A: No.

#### **LADY HARROW'S MOURNFLIGHT – FIGHTERS**

*Q: Does Lady Harrow Inspired's reaction occupy the same reaction window as Potion of Rage and Grashrak's reaction?*

A: Yes.

*Q: How does Lady Harrow Inspired's reaction work during an enemy fighter's Scything attack superaction that doesn't target her?*

A: When each Attack action within that superaction is resolved, if that Attack action doesn't target Lady Harrow, you can use her reaction.

#### **LADY HARROW'S MOURNFLIGHT – OBJECTIVES**

##### **One Will (Dreadfane #42)**

*Q: Can I score this card if I meet the condition after I push my fighter with the Quickening Greaves upgrade?*

A: Yes.

#### **LADY HARROW'S MOURNFLIGHT – GAMBITS**

##### **Dissipate (Dreadfane #47)**

*Q: Does the Innate (Dodge) affect anything other than defence rolls?*

A: No.

##### **Frightful Aspect (Dreadfane #50)**

*Q: Can this card push a fighter that cannot be chosen by gambits?*

A: Yes.

#### **STORMSIRE'S CURSEBREAKERS – FIGHTERS**

*Q: How does Cleave work against Ammis and Rastus from Stormsire's Cursebreakers when they are Inspired?*

A: When an Attack action has Cleave, the target cannot count  symbols as successes in their defence roll. This means that Ammis and Rastus, once Inspired can use  and  symbols (and any relevant support symbols) but not  symbols as successes when they are the target of an Attack action with Cleave.

*Q: If one of my fighters casts a spell, when does that fighter become Inspired?*

A: After the spell has been resolved.

In the case of a spell Attack action, a gambit spell with an immediate effect, such as Sphere of Aqshy, or a spell action with an immediate effect, such as Quintok's Combative Cantrip, this means the fighter is Inspired immediately after the effects of the spell have been resolved.

In the case of a spell that remains in effect until a particular event, such as Sphere of Ghur, that spell is not considered to be resolved until after that event, as described on page 27 of the rules, and the fighter will not be Inspired until that point.

In the case of the Empower spell action, and spells that persist, such as Eldritch Haze, these spells are considered to be resolved once they have been cast, meaning that the fighter is Inspired immediately.

In the case of spells cast as reactions during an action, superaction, or activation, such as Iara's Instant Shield, these spells are considered to be resolved with the timings described here, but the fighter will not become Inspired until after that action, superaction or activation.

*Q: Is the ability on the Inspired side of Rastus and Ammis' fighter cards a modifier to their Defence characteristic?*

A: No.

#### **STORMSIRE'S CURSEBREAKERS – GAMBITS**

##### **Chain Lightning (Nightvault #11)**

*Q: If Chain Lightning's chain passes over the same enemy fighter more than once, does it deal more than 1 damage to them?*

A: No.

##### **Empathic Conduction (Nightvault #13)**

*Q: Can I choose for a fighter with no adjacent friendly fighters to cast Empathic Conduction?*

A: No.

##### **Gather the Storm (Nightvault #14)**

*Q: How long does this ploy persist for?*

A: It persists until the next spell your warband attempts to cast.

#### **STORMSIRE'S CURSEBREAKERS – UPGRADES**

##### **Corposant Staff (Nightvault #21)**

*Q: If I cast the spell from the Corposant Staff upgrade on the same fighter more than once, what happens?*

A: That fighter's Attack actions with a single target have +1 Range for each time the spell is successfully cast on them, until the end of the round.

#### **THORNS OF THE BRIAR QUEEN – FIGHTERS**

*Q: When do the fighters in the Thorns of the Briar Queen Inspire?*

A: At the start of your activation (regardless of the fighter you activate, if you activate a fighter), any friendly fighters adjacent to one or more enemy fighters become Inspired.

*Q: Can the fighters in the Thorns of the Briar Queen be pushed through blocked or occupied hexes?*

A: No. They can move through those hexes when making a Move action (including as part of a Charge action) but they cannot be pushed (or driven back) into a blocked or occupied hex.

*Q: Do the fighters in the Thorns of the Briar Queen always treat lethal hexes as normal hexes?*

A: Yes.

#### **THORNS OF THE BRIAR QUEEN – OBJECTIVES**

##### **Take the City (Nightvault #35)**

*Q: Are objectives that are half on your game board and half on your opponent's game board (because they are in no one's territory) considered to be on both of those boards?*

A: Yes.

## THORNS OF THE BRIAR QUEEN – GAMBITS

### Drifting Advance (Nightvault #39)

*Q: When I play Drifting Advance, do I have to push all friendly Chainrasps?*

A: No (you can choose to push a Chainrasp 0 hexes, which is effectively the same as not pushing them). In addition, you cannot push a Chainrasp that is already adjacent to an enemy fighter, as they cannot be pushed closer to an enemy fighter (this doesn't stop you playing the card, it simply means that it won't affect that Chainrasp).

*Q: Can I play Drifting Advance if there are no enemy fighters?*

A: No.

### Maddening Cackle (Nightvault #43)

*Q: What happens when Maddening Cackle is played during Skaeth's/Stabbit's/Sepsimus' Scything Attack action before they have resolved an Attack action against each adjacent enemy fighter? Does it prevent that fighter making their remaining Scything Attack actions?*

A: Yes.

### Sudden Appearance (Nightvault #47)

*Q: Can Sudden Appearance be used to place a fighter that is out of action on the battlefield?*

A: No.

## THORNS OF THE BRIAR QUEEN – UPGRADES

### Inescapable Vengeance (Nightvault #55)

*Q: If the Briar Queen has a Move characteristic of 0, can she still make a Move action to be placed on any starting hex using Inescapable Vengeance?*

A: Yes.

## EYES OF THE NINE – FIGHTERS

*Q: Is the action on Vortemis' card to summon the Blue Horror a spell?*

A: No.

*Q: Does K'charik become Inspired if he is adjacent to Turosh, Narvia or a Horror when they make a successful Attack action?*

A: No – their Attack actions are not spells.

*Q: Does K'charik become Inspired if he is adjacent to an enemy wizard that casts a spell?*

A: Yes.

*Q: Can the Blue Horror ever be taken out of action? Can a player gain a glory point for taking the Blue Horror out of action? Can objectives connected with taking fighters out of action be scored by taking the Blue Horror out of action?*

A: No. When the Blue Horror would be taken out of action, it is replaced by the Brimstone Horrors. It is never taken out of action.

*Q: If a Blue Horror with the Crown of Avarice upgrade card is taken out of action, do I take one of my opponent's unspent glory points?*

A: This situation cannot arise – a Blue Horror is never taken out of action.

*Q: When the Blue Horror becomes the Brimstone Horrors, are they considered to be the same fighter (e.g. for the purposes of objectives like Heroic Effort)?*

A: Yes.

*Q: If a Blue Horror would be taken out of action by damage during its Move or Charge action (e.g. because of a lethal hex), what happens?*

A: The Blue Horror miniature is replaced with the Brimstone Horrors miniature in the hex in which the Blue Horror would have been taken out of action. Clear all tokens from the fighter. If the fighter has not yet moved a number of hexes equal to their Move characteristic, they can continue that Move action. If the fighter was making a Charge action, they finish resolving that Charge action. In either case, the fighter gains one Move or Charge token as normal.

## ZARBAG'S GITZ – FIGHTERS

*Q: When does Snirk Sourtongue become Inspired?*

A: You can take the reaction on Snirk Sourtongue's fighter card after any activation (yours or an opponent's – it does not have to be after Snirk's activation). When you do, Snirk becomes Inspired.

*Q: If one of my fighters makes a Move action for their activation, can I react with Scurry and then Inspire Snirk, or do I have to choose one or the other?*

A: You have to choose one or the other. A fighter's last action in an activation is simultaneous with the end of that activation, so those reactions share the same window.

*Q: Is the Action on Sourtongue Inspired's fighter card a Move, Charge or Attack action?*

A: No.

*Q: When I use Snirk Inspired's special action, do I push him 1 hex at a time, resolving the effects on other fighters after each push, or all 3 hexes at once after pushing any fighters out of the way?*

A: 1 hex at a time. Note that this is an exception to how a fighter pushed with Scatter normally works (in which case they are pushed the full distance all at once), to allow for the impact that Snirk has on other fighters. Also note that Snirk's push is not complete until he has been pushed 3 hexes or his push is prevented as described on his fighter card. This means that you cannot, for example, play the reaction on Lurker as a reaction to Snirk's push until Snirk's push is complete.

*Q: When Snirk would scatter into a fighter that cannot be pushed, how much damage is each fighter dealt in total?*

A: Snirk is dealt 1 damage, and the fighter that cannot be pushed is dealt 1 damage.

*Q: How does Mirror Move interact with Snirk Inspired's special action?*

A: The Mirror Move reaction can be taken after any other fighter is pushed by Snirk (in which case it is a push of 1 hex) or after Snirk's action is complete (in which case it is a push of the same number of hexes that Snirk was pushed).

*Q: Do I have to push Snirk Inspired 3 hexes when I use his special action, or can I choose to only push him 2, 1 or even 0 hexes?*

A: You have to push him 3 hexes, unless the push is prevented as described on his fighter card.

*Q: If Snirk is pushed during Snirk Inspired's special action by something other than his special action (e.g. by Mirror Move), can I continue to resolve his special action afterwards?*

A: No.

*Q: Can Snirk Inspired's special action create a chain that extends into an incomplete hex?*

A: No. Snirk is not dealt damage when this happens.

*Q: Can a gambit let Sourtongue Inspired make a Move, Charge or Attack action, or be on Guard?*

A: No.

*Q: Can Drizgit use the action on his fighter card to make a Move action himself, even if there are no adjacent or even surviving friendly Squigs?*

A: If he has no Move or Charge tokens, yes.

*Q: When Drizgit uses the action on his fighter card to allow himself and adjacent friendly Squigs to make a Move action, which order are the Move actions resolved in?*

A: One at a time, in the order of Drizgit's player's choice.

*Q: How does the action on Drizgit's fighter card interact with Scurry?*

A: When Drizgit makes a Move action using the action on his fighter card, this can trigger an adjacent friendly fighter's Scurry reaction.

*Q: Is Drizgit's Action that allows him and adjacent friendly Squigs to make Move actions a superaction?*

A: Yes.

### **MOLLOG'S MOB – FIGHTERS**

*Q: With the errata to Mollog Inspired, can Mollog Inspired be activated if he has one Charge token and one or more Move tokens?*

A: Yes, but if he has one Charge token and one or more Move tokens he cannot make Move or Charge actions.

*Q: Can Stalagsquig use Faneway Crystal to make a Move action?*

A: No. Stalagsquig cannot make Move actions.

*Q: When setting up the Stalagsquig, do you first roll off to determine who gets to decide who goes first in the first turn, or do you place the Stalagsquig, and then roll off?*

A: Place the Stalagsquig, then the players roll off.

*Q: When more than one player has a Stalagsquig, how do you determine which is set up first?*

A: Use the Sequencing rules from the rulebook.

### **GODSWORN HUNT – FIGHTERS**

*Q: If I give Theddra the Arcane Savant upgrade before she is Inspired, what happens?*

A: She becomes a level 2 wizard because of Arcane Savant (her wizard level +1), is then Inspired because she has an upgrade, at which point she becomes a level 3 wizard (her wizard level +1). She keeps the Arcane Savant upgrade.

### **GODSWORN HUNT – OBJECTIVES**

*Q: What does it mean on the 'Oath' objective cards when it says to reveal them?*

A: If you wish, at the start of your first activation in the action phase, you can reveal any 'Oath' objective cards to your opponent. This means that you show those cards to your opponent – you should give them time to read the card or cards in their entirety if they wish. Once they are satisfied, return the card to your hand, concealing it once more from your opponent.

### **GODSWORN HUNT – GAMBITS**

#### **Brutal Sacrifice (Nightvault #184)**

*Q: When I play Brutal Sacrifice in a two-player game and take one of my fighters out of action, does my opponent gain a glory point?*

A: Yes.

### **THUNDRIK'S PROFITEERS – FIGHTERS**

*Q: When do I use Thundrik's Promotion ability?*

A: After you score an objective and before you draw a replacement objective card.

### **THUNDRIK'S PROFITEERS – OBJECTIVES**

#### **Headshot (Nightvault #235)**

*Q: Does my fighter's Attack action need to succeed for me to score Headshot?*

A: Yes.

#### **Live by the Code (Nightvault #237)**

*Q: Are scored objectives considered to be discarded for the purposes of Live by the Code?*

A: No.

### **THUNDRIK'S PROFITEERS – GAMBITS**

#### **Toxic Gases (Nightvault #250)**

*Q: When Toxic Gases is played, who pushes the fighter?*

A: The player who played Toxic Gases.

*Q: If you play Toxic Gases and choose a fighter that cannot be pushed, what happens?*

A: That fighter's player gets to decide: either nothing happens (they choose the push, which cannot be resolved) or their fighter is dealt 1 damage.

### **YLTHARI'S GUARDIANS – FIGHTERS**

*Q: Can Lifesurge Inspire a fighter from Ylthari's Guardians if that fighter does not have a wound token on their fighter card?*

A: No.

*Q: How does the text in parentheses in Ylthari's Guardians' Inspire condition work?*

A: This allows players to use an ability that removes wound tokens from a fighter to Inspire a fighter from Ylthari's Guardians even if that fighter has no wound tokens on their fighter card. For example, Healing Pulse or Healing Amphora can both be used to Inspire fighters from that warband even if the affected fighter has no wound tokens on their fighter card. Note that cards like Lifesurge only affect fighters that have wound tokens on their fighter cards, so these cards will not Inspire Ylthari's Guardians unless they have wound tokens on their fighter cards.

*Q: Does the 'taking' of wound tokens from one of Ylthari's Guardians after successful casting of Empathic Exchange trigger their Inspire condition of 'when a wound token would be 'removed'?*

A: Yes. In this instance the words 'taking' and 'removed' are interchangeable.

### YLTHARI'S GUARDIANS – OBJECTIVES

#### Glade's Last Hope (Nightvault #263)

*Q: Do wound tokens cleared from a fighter's fighter card when they are taken out of action count towards scoring Glade's Last Hope?*

A: No. (The distinction is between tokens **removed** from a fighter card by effects like Healing Pulse, and tokens **cleared** from a fighter card which is what happens when that fighter is taken out of action.)

#### Reclaim the Lamentiri (Nightvault #266)

*Q: Can I score Reclaim the Lamentiri without holding any objectives in a territory, if there are no objectives in that territory?*

A: No.

### GARREK'S REAVERS – FIGHTERS

*Q: Which fighters count towards Garrek's Reavers' Inspire condition?*

A: 'Fighter' refers to both friendly and enemy fighters, unless one or the other is specified. Garrek's Reavers become Inspired when any three fighters are out of action. Note that fighters that have been returned to the battlefield are no longer out of action, and are not counted.

### GARREK'S REAVERS – GAMBITS

#### Blood Rain (Shadespire #11 / Nightvault #127)

*Q: When Blood Rain has been used, do Attack actions with the ⚔ Dice characteristic count as having the ✂ Dice characteristic instead of the ⚔ Dice characteristic, or in addition to it?*

A: They replace the existing Dice characteristic – all Attack actions in the next activation use the ✂ Dice characteristic (and only that characteristic), even if they would normally use the ⚔ Dice characteristic instead.

*Q: When Blood Rain has been used, is it impossible to cast a spell Attack action?*

A: No – remember that ✨ is always a success, so it is still possible (though difficult!) to cast a spell Attack action in that situation.

### Insensate (Shadespire #16 / Nightvault #132)

*Q: If a fighter is affected by Insensate, can anything increase the damage they suffer beyond 1 damage in that activation?*

A: No.

*Q: Does Insensate affect damage caused by reactions played after the last action in an activation?*

A: No.

### GARREK'S REAVERS – UPGRADES

#### Ever-Advancing (Shadespire #23 / Nightvault #139)

*Q: Does this upgrade let you push Garrek or the attacking fighter?*

A: Garrek.

#### Frenzy (Shadespire #24 / Nightvault #140)

*Q: If my fighter has Frenzy and an Attack action that targets all adjacent enemy fighters, does the extra attack dice apply to each Attack action made during their Charge action?*

A: Yes.

### STEELHEART'S CHAMPIONS – FIGHTERS

#### Angharad Brightshield

*Q: With Angharad's Furious Parry and Shield Bash: when do you check if the enemy's Attack action is successful? Before or after Angharad is driven back?*

A: Before. If the Attack action is not successful based on the attack and defence dice rolled (so before you check if the target is trapped) you can make either of these reactions.

*Q: Can Angharad's Furious Parry be used in the same way as other Attack actions, or can it only be used as a reaction?*

A: It can be used in the same way as other Attack actions.

### STEELHEART'S CHAMPIONS – OBJECTIVES

#### Sigmar's Bulwark (Shadespire #37 / Nightvault #153)

*Q: Can I score Sigmar's Bulwark if one of my fighters was damaged and then healed for the full amount (and all other fighters were unharmed)?*

A: No.

*Q: Can I score Sigmar's Bulwark following an action phase where none of my fighters were alive?*

A: Yes.

### STEELHEART'S CHAMPIONS – GAMBITS

#### Sigmarite Wall (Shadespire #42 / Nightvault #158)

*Q: Can I play this ploy if I do not have two friendly fighters adjacent to each other?*

A: No.

### **Tireless Assault (Shadespire #45 / Nightvault #161)**

*Q: How do I use Tireless Assault with an Attack action that targets more than one enemy, such as Severin Steelheart's Mighty Swing?*

A: An attack that targets more than one enemy is treated as a number of individual Attack actions performed one after the other, and each of those Attack actions is judged as succeeding or failing based on whether or not its target is damaged. If one of the Attack actions made as part of a Mighty Swing fails, you can play Tireless Assault (this can interrupt the Mighty Swing, and indeed will, unless the Attack action you are reacting to is the final Attack action made as part of Mighty Swing) to make another Attack action that targets the same fighter. This could be another Mighty Swing (allowing you to target other fighters as well). Once you have resolved the reaction, if it interrupted Mighty Swing, you would then finish resolving Mighty Swing (unless that was no longer possible).

### **STEELHEART'S CHAMPIONS – UPGRADES**

#### **Fatal Riposte (Shadespire #52 / Nightvault #168)**

*Q: If I use Fatal Riposte against an enemy fighter who is using an Attack action that targets multiple fighters, and it takes that enemy fighter out of action or drives them back so that they are not within range of their remaining targets, what happens to the rest of their Attack action?*

A: As they can no longer resolve their action, it ends without being resolved any further.

*Q: If I use Fatal Riposte and Steelheart has an Attack action that targets all adjacent fighters (e.g. his Mighty Swing) can I use that Attack action rather than an Attack action that only targets the attacker?*

A: Yes, as long the attacker is one of the targets.

#### **Lightning Blast (Shadespire #56 / Nightvault #172)**

*Q: Where Lightning Blast says 'When they make a critical hit', does 'they' refer to Obryn?*

A: Yes.

#### **Righteous Strike (Shadespire #57 / Nightvault #173)**

*Q: If I make the Righteous Strike Attack action and target an enemy leader, and the attack fails, I can make a reaction to make the Attack action again. If it fails a second time, can I make that reaction again (as it is triggered by the new Attack action's failure)?*

A: Yes (assuming that an opponent doesn't make a reaction after the Attack action).

### **SEPULCHRAL GUARD – FIGHTERS**

*Q: When playing against the Sepulchral Guard, does a player score glory points for taking a fighter out of action a second or subsequent time after they have been revived?*

A: Yes.

*Q: Is the Warden's Action that allows two friendly fighters to make Move actions a superaction?*

A: Yes.

### **SEPULCHRAL GUARD – OBJECTIVES**

#### **Claim the City (Shadespire #60)**

*Q: Can I score Claim the City if an objective token has been removed from the battlefield (e.g. by Desecrate) as long as I hold all remaining objectives?*

A: Yes.

#### **March of the Dead (Shadespire #62)**

*Q: If a fighter, in a single action phase, makes a Move action, is taken out of action and returned to play, is it still considered to have made a Move action in that phase, even though it no longer has a Move token?*

A: Yes.

*Q: If a fighter made a Move action as part of a Charge action, are they still counted for March of the Dead?*

A: Yes.

### **SEPULCHRAL GUARD – GAMBITS**

#### **The Necromancer Commands (Shadespire #77)**

*Q: The Necromancer Commands allows a fighter, having failed an Attack action, to 'make the Attack action again'. How does that interact with an Attack action that targets more than one enemy, such as the Harvester's Whirling Scythe?*

A: An attack that targets more than one enemy is treated as a number of individual Attack actions performed one after the other, and each of those Attack actions is judged as succeeding or failing based on whether or not its target is damaged. If one of the Attack actions made as part of the Whirling Scythe Attack action fails, you can play The Necromancer Commands to make that single Attack action targeting the same fighter again.

### **SEPULCHRAL GUARD – UPGRADES**

#### **Deathly Charge (Shadespire #80)**

*Q: If my Champion has the Deathly Charge upgrade, and makes a Charge action, does the +1 Damage apply to their Attack actions with a Range of 1 or 2 for the rest of the action phase?*

A: Yes. Note that if the Champion makes another Charge action later in the phase, there is no additional modifier from Deathly Charge.

#### **Fatal Strike (Shadespire #81)**

*Q: Can Fatal Strike and Bone Shrapnel be triggered by the same Attack action?*

A: Yes. Fatal Strike has a reaction that happens during an Attack action, and Bone Shrapnel is a reaction that happens after an Attack action.

### **IRONSKULL'S BOYZ – OBJECTIVES**

#### **Too Dumb to Die (Shadespire #96)**

*Q: If one of Ironskull's Boyz is dealt 3 damage by an Attack action, is there a window where I can score Too Dumb to Die before my opponent plays a damage-dealing reaction during the successful Attack action to take my fighter out of action?*

A: No.

*Q: If one of Ironskull's Boyz is dealt 2 damage by an Attack action and the attacking player plays a damage-dealing reaction to deal 1 damage, can I score Too Dumb to Die?*

A: No. The damage dealt by the reaction is separate from the damage dealt by the Attack action.

### **IRONSKULL'S BOYZ – GAMBITS**

#### **Last Lunge (Shadespire #102)**

*Q: Can I use the Last Lunge reaction even if my fighter doesn't have an Attack action with a Range characteristic high enough for them to target their attacker?*

A: No.

*Q: If my fighter is taken out of action by a ploy and I use Last Lunge, can I choose any target for my fighter's Attack action?*

A: Yes (as long as they are within range and line of sight).

#### **Leadin' By Example (Shadespire #103)**

*Q: Where Leadin' By Example refers to a fighter that has not already made a Move or Charge action, does it mean in this phase or in the whole game?*

A: This phase.

### **SPITECLAW'S SWARM**

*Q: How does the Inspire condition for Spiteclaw's Swarm work?*

A: Each fighter from Spiteclaw's Swarm becomes Inspired after they are chosen by a ploy. A fighter is only 'chosen' by a ploy if that ploy contains the word 'choose' and tells you to choose one or more fighters, and you choose that fighter. For example, if you play Confusion, you choose two adjacent fighters. If either of those is a fighter from Spiteclaw's Swarm, they become Inspired. However, if you play Aversion to Death, the friendly fighters you push are not Inspired, as you do not 'choose' them. Similarly, if you play Lifesurge, no fighters from Spiteclaw's Swarm would become Inspired, as you do not 'choose' any fighters. The fighter is Inspired after the ploy has been fully resolved, if the fighter is not taken out of action before that happens.

In the case of a ploy with an immediate effect, such as Sidestep, this means the fighter is Inspired immediately after the effects of the ploy have been resolved.

In the case of a ploy that remains in effect until a particular event, such as Whip Into a Frenzy, that ploy is not considered to be resolved until after that event, as described on page 27 of the rules, and the fighter will not be Inspired until that point.

In the case of ploys that persist, such as Rocksnake Toxin, these ploys are considered to be resolved once they have been played, meaning that the fighter is Inspired immediately.

In the case of ploys played as reactions during an action, superaction, or activation, such as Countercharge, these ploys are considered to be resolved with the timings described here, but the fighter will not become Inspired until after that action, superaction or activation.

### **SPITECLAW'S SWARM – GAMBITS**

#### **Momentary Boldness (Shadespire #158)**

*Q: Is the fighter chosen by Momentary Boldness Inspired before or after their Charge action?*

A: After.

#### **Nervous Scrabbling (Shadespire #160)**

*Q: Can I use Nervous Scrabbling to Inspire a fighter from Spiteclaw's Swarm even if there are no adjacent fighters?*

A: No.

#### **There Are Always More (Shadespire #164)**

*Q: Is the fighter chosen by There Are Always More Inspired?*

A: Yes.

### **SPITECLAW'S SWARM – UPGRADES**

#### **Black Hunger (Shadespire #165)**

*Q: If my fighter has Black Hunger, can it make an Attack action that targets a friendly fighter and no enemy fighters?*

A: Yes.

*Q: If my fighter has Black Hunger, can it make a Charge action that includes a Move action that ends adjacent to a friendly fighter and no enemy fighters? And do I then need to make my fighter's Attack action?*

A: Yes and yes.

*Q: If my Skaven with Black Hunger makes a successful Opening Strike Attack action, and reacts with an Inescapable Blow or Finishing Blow reaction, does that reaction Attack action target all adjacent fighters?*

A: Yes.

#### **Bodyguard for a Price (Shadespire #166)**

*Q: During an action phase, if Krrk is adjacent to Skritch, has the upgrade 'Bodyguard for a Price' and is pushed away from Skritch, is Skritch still on Guard?*

A: No.

#### **Flee! (Shadespire #169)**

*Q: Can I use the Flee! upgrade's action to make a Move action with Skritch and an adjacent fighter, regardless of the tokens they have?*

A: Yes, as long as you have a way to take the action on the upgrade card (i.e. Skritch doesn't have a Charge token, or you have a way to grant him an action regardless of whether or not he has a Charge token).

*Q: Can I use the Flee! upgrade's action even if there is no adjacent friendly fighter?*

A: No.

### **Skitter-scurry (Shadespire #170)**

*Q: Does Skitter-scurry allow me to push the upgraded fighter twice when I make a Charge action?*

A: Yes. You can push the fighter once after the Move action, and once after the Attack action (as long as your opponent does not play a reaction first). Note that the Move action must still end with your fighter in range to make an Attack action (before the push) or the Charge action cannot be made. Similarly, if the push takes your fighter out of range to make the Attack action, that Attack action cannot be resolved.

*Q: Does Skitter-scurry allow me to push the upgraded fighter after each separate Attack action in an Attack action that targets multiple fighters (e.g. Whirling Halberd), assuming my opponent does not play a reaction first?*

A: Yes. However, the only fighters you can target are those who were adjacent at the start of the action, and your fighter must be in range of each of those fighters to make an Attack action against them. If the fighter is pushed in such a way that they are not able to make an Attack action against any of their remaining targets, no further Attack actions are resolved.

### **Sneaky Stab-stab (Shadespire #171)**

*Q: Does Sneaky Stab-stab allow me to push the upgraded fighter before each separate Attack action in an Attack action that targets multiple fighters (e.g. Whirling Halberd)?*

A: Yes. However, the only fighters you can target are those who were adjacent at the start of the action (i.e. after the initial push, if you choose to use it), and your fighter must be in range of each of those fighters to make an Attack action against them. If the fighter is pushed in such a way that they are not able to make an Attack action against any of their remaining targets, no further Attack actions are resolved.

*Q: Can I use Sneaky Stab-stab to make an Attack action when my fighter is not in range?*

A: Yes, but only if the one hex push takes your fighter into a hex where they have line of sight to and are in range of the target. You cannot use Sneaky Stab-stab if you can't push the fighter within range to make their Attack action with the one hex push granted by Sneaky Stab-stab.

If something happens (e.g. a reaction to the push) so that the fighter is no longer in range to make the Attack action, the Attack action is not made (it does not fail or succeed) and the activation ends. No reactions can be made that are triggered by an Attack action and it does not count towards objectives that count Attack actions made (because the Attack action is not made).

### **MAGORE'S FIENDS – FIGHTERS**

*Q: Can Ghartok ever be driven back?*

A: No.

## Warhammer Underworlds: Nightvault FAQs

The following FAQs relate to universal cards from Warhammer Underworlds: Nightvault and Power Unbound.

### UNIVERSAL CARDS – OBJECTIVES

#### Calculated Risk (Nightvault #302)

*Q: To score Calculated Risk, does my fighter only have to move into a lethal hex and survive, or do they have to move into a lethal hex, out of that lethal hex, and survive?*

A: The latter.

*Q: Can I score Calculated Risk if the fighter's Move action takes them through a lethal hex (which they survive) and then back into that lethal hex so that it takes them out of action?*

A: No.

*Q: Can I score Calculated Risk if the fighter's Move action takes them through a lethal hex (which they survive) and then into a second lethal hex that takes them out of action?*

A: Yes.

#### Charmed Life (Nightvault #304)

*Q: My Blue Horror has 3 or more wound tokens on its fighter card (e.g. because of an Attack action with a Damage characteristic of 3). It is replaced with the Brimstone Horrors, its fighter card is turned over and its tokens are removed. Can I then score Charmed Life in the following end phase (assuming that the Brimstone Horrors are not taken out of action)?*

A: Yes.

*Q: My Sepulchral Guard fighter is taken out of action in Round 1. I return them to the battlefield in Round 2. Can I score Charmed Life in the end phase (assuming that the fighter is not taken out of action)?*

A: No. The wound tokens are cleared from that fighter's fighter card when they are taken out of action in Round 1.

#### Finish Them (Nightvault #318)

A: No.

#### Get Thee Hence (Nightvault #322)

*Q: Can I score the Get Thee Hence objective card with the Stumble ploy card (after an Attack action)?*

A: Yes.

*Q: If my fighter's Attack action drives an enemy fighter back 2 or more hexes, but in the second or subsequent of these hexes the enemy fighter is taken out of action by a lethal hex, can I still score Get Thee Hence?*

A: Yes.

#### Keep Chopping (Nightvault #338)

*Q: Do Attack actions made outside of activations (e.g. as reactions) count towards Keep Chopping?*

A: No.

#### Martyred (Nightvault #347) / Strong Start (Nightvault #373)

*Q: If I draw Martyred or Strong Start during a round, after the condition to score them has been met, can I score them?*

A: No. You must have these cards in your hand at the time the condition is met to score them. Note that the conditions on Martyred and Strong Start can be met in each round, so if you keep the card in your hand after drawing it you may have the opportunity to score it in later rounds.

*Q: If both an enemy fighter and a friendly fighter are taken out of action at the same time, and those are the first fighters taken out of action in a round, can either player score Martyred and/or Strong Start?*

A: No. There is no single first fighter taken out of action in that example.

#### Nowhere to Go (Nightvault #354)

*Q: Do incomplete hexes count as occupied, blocked or lethal hexes for the purposes of scoring Nowhere to Go?*

A: No. Incomplete hexes are not hexes.

#### One Fate (Nightvault #356)

*Q: If I make a casting roll for a spell Attack action on three dice and then use Tome of Incantations to change one of the results so that they all match, can I then score One Fate?*

A: Yes.

*Q: If I make a casting roll for a spell Attack action on three dice and they all match, and then I use Tome of Incantations to change one of the results, can I then score One Fate?*

A: No.

*Q: Are Innate results considered as dice rolled for the purposes of scoring objectives like One Fate?*

A: No.

#### Shortcut (Power Unbound #32)

*Q: Can I use Faneway Crystal to change the position of a fighter so that I can score Shortcut?*

A: No. Faneway Crystal changes how a fighter makes a Move action, but it is still a Move action.

*Q: Can I score this card with gambits that use the word 'switch' to change two fighters' positions (i.e. even though they do not use the word 'place')? E.g. Nervous Scrabbling or Bound by Fate?*

A: Yes.

### UNIVERSAL CARDS – GAMBITS

#### Abasoth's Withering (Nightvault #389)

*Q: If I cast this on a 4 wound fighter that has 3 wound tokens, what happens?*

A: The fighter is taken out of action. Note that the spell is not considered to have taken them out of action. In a two-player game, you will still gain a glory point, but your warband is not considered to have taken that fighter out of action.

**Baffling Illusion (Nightvault #397)**

*Q: When Baffling Illusion is in effect, and a fighter would make a Move action (and therefore Scatters as described on Baffling Illusion) are they still considered to be making a Move action?*

A: Yes.

*Q: What happens if my fighter with Faneway Crystal makes a Move action while Baffling Illusion is in effect?*

A: Resolve Faneway Crystal as normal – Baffling Illusion has no effect in this case.

*Q: What happens if my fighter with Inescapable Vengeance makes a Move action while Baffling Illusion is in effect?*

A: You choose – either do not use the ability on Inescapable Vengeance, in which case resolve Baffling Illusion as normal, or use the ability on Inescapable Vengeance, in which case Baffling Illusion has no effect.

*Q: Can my fighter make a Charge action when Baffling Illusion is in effect?*

A: Yes, as long as the fighter would be eligible to make a Charge action if Baffling Illusion wasn't in effect (i.e. if you could decide the path of their Move action). When you resolve the Charge action, the Move action is affected as described by Baffling Illusion. If there is an enemy fighter within range after that Move action, your fighter can then make their Attack action as normal and your fighter gains a Charge token. If there is no enemy fighter within range after that Move action, your fighter cannot make an Attack action but still gains a Charge token. Note that a fighter that makes a Charge action while Baffling Illusion is in effect will also gain a Move token.

*Q: If I play Baffling Illusion, does it count towards me scoring Master of Mayhem whether or not a fighter Scatters as a result?*

A: Yes.

*Q: If my opponent plays Baffling Illusion and my fighter Scatters as a result, does it count towards me scoring Master of Mayhem?*

A: Yes.

*Q: If I play Baffling Illusion and my fighter Scatters as a result, does that count as two cards/actions towards me scoring Master of Mayhem?*

A: Yes.

**Countercharge (Nightvault #404)**

*Q: When an enemy fighter makes a Charge action and ends their Move action adjacent to one of my fighters, can I play Countercharge and push my friendly fighter so that they are adjacent to another enemy fighter, thereby avoiding the charging fighter?*

A: No. 'The enemy fighter' on Countercharge refers to the charging enemy fighter.

*Q: If my opponent uses Countercharge to bring an enemy fighter adjacent to my fighter during my fighter's Charge action, can I pick that fighter as the target of my fighter's Attack action?*

A: Yes.

**Entropic Curse (Nightvault #413)**

*Q: If an enemy fighter is taken out of action by my fighter's Entropic Curse, and the caster is at least 3 hexes from that fighter, can I score Death from Afar?*

A: Yes.

*Q: If an enemy fighter is taken out of action by my fighter's Entropic Curse, and the caster is out of action, can I score Death from Afar?*

A: No.

**Ghoulish Pact (Nightvault #417)**

*Q: Can I play Ghoulish Pact if I don't have any upgrades in my hand?*

A: No.

**Mirror Move (Nightvault #432)**

*Q: If my opponent plays a card that pushes more than one fighter (like Vile Invaders) can I play this card as a reaction after any of those fighters is pushed? And if so, which fighter can I push?*

A: You can play this card as a reaction after an opponent pushes any fighter, even if they are partway through resolving a rule that pushes more than one fighter. When you do so, you can push any fighter other than the one that was just pushed (the one you are reacting to), even if the fighter you push was already pushed by the rule your opponent is resolving or if that fighter is going to be pushed by the rule your opponent is resolving.

*Q: Can I play Mirror Move when a fighter from my opponent's warband drives a fighter back during an Attack action?*

A: Yes.

**One Step Ahead (Nightvault #434)**

*Q: When I play One Step Ahead, do I name an objective card or an objective token?*

A: An objective card.

*Q: Does the player using this card have to give the full name of the objective card in order to stop the opponent from scoring that objective card?*

A: Yes.

**Sphere of Aqshy (Nightvault #451)**

*Q: If the damage from Sphere of Aqshy is reduced by 1 to 0 by Magical Damping, was Sphere of Aqshy still cast successfully?*

A: Yes.

### **Strategic Sorcery (Nightvault #462)**

*Q: If I use the Strategic Sorcery gambit spell to retrieve an objective card which is scored immediately, and it is on the list of cards from the Designer's Commentary that can be scored retroactively, do I immediately score it again?*

A: Yes, after taking a subsequent action, reaction or gambit, as long as the conditions for that objective are still met.

### **Two Steps Forward (Power Unbound #47):**

*Q: Can I play Two Steps Forward if there is only one or no surviving friendly fighters?*

A: No.

*Q: Can I play Two Steps Forward if there are no surviving enemy fighters, or can I choose an opponent who has no surviving enemy fighters?*

A: No.

## **UNIVERSAL CARDS – UPGRADES**

### **Arcane Familiar (Nightvault #473)**

*Q: When called upon to roll a magic dice can I use the Arcane Familiar upgrade card to change the result of the roll, even if it is not specifically a casting roll?*

A: No.

### **Crown of Avarice (Nightvault #489)**

*Q: Does the Crown of Avarice upgrade card reaction window occur before or after my opponent has scored a glory point for taking the fighter with this upgrade out of action?*

A: Before.

### **Disturbing Presence (Nightvault #492)**

*Q: If my fighter makes a Charge action and ends their Move adjacent to a fighter with Disturbing Presence, does that prevent them from completing their Charge action?*

A: No.

*Q: If I push or Move my fighter with Disturbing Presence adjacent to an enemy fighter with a reaction during that enemy's Charge action, does that prevent them from completing their Charge action?*

A: No.

### **Faneway Crystal (Nightvault #499)**

*Q: Can a fighter with this upgrade make a normal Move action?*

A: No.

*Q: When a fighter with this upgrade makes a Charge action how does it work?*

A: The fighter does not move normally. Instead, you place them on any objective token. Note that you must still follow the other rules for making a Charge action, so there must be an enemy fighter within range and line of sight of one or more of the moving fighter's Attack actions at the end of its move.

*Q: Can a fighter with a Move characteristic of 0 still use Faneway Crystal to Move to an objective token?*

A: Yes (with the exception of fighters that cannot make Move actions, like the Stalagsquig).

### **Fated Blade (Nightvault #500)**

*Q: Must I play the Rebound ploy card before my opponent rolls to see what the Damage characteristic of the Fated Blade upgrade card is?*

A: Yes.

*Q: Following the previous FAQ, if I play the Rebound ploy card before the Fated Blade's upgrade card's Damage characteristic is rolled for, what is the Damage characteristic of the Fated Blade?*

A: As Rebound causes the attack to fail, it cannot be rolled for, and therefore the Fated Blade upgrade card at that point has a Damage characteristic of 0.

*Q: Does the way the Damage characteristic is determined by the Fated Blade upgrade card prevent me from using the Dark Destiny ploy card to prevent my fighter from being taken out of action?*

A: No.

*Q: Can the Damage characteristic of Fated Blade be modified?*

A: Yes.

### **Potion of Rage (Nightvault #529)**

*Q: If I use my Potion of Rage during an Attack action that targets all adjacent fighters, does the +2 Dice apply to each of those Attack actions, or just one of those Attack actions?*

A: Just one – the one in which you take the reaction.

### **Quickening Greaves (Power Unbound #55)**

*Q: If I use the push at the start of a round to hold three objectives, having previously only held two, and end the action phase holding three objectives, can I score Dug In?*

A: Use the sequencing rules.
