

CORE RULES

ERRATA 1.0

This document collects amendments to the rules. Amended text within this errata is highlighted in blue. As it's revised regularly, this document has a version number; where a version number has a letter, e.g. 1.1a, this means it has had a local amendment, only in that language, to clarify a translation issue or other minor correction. When this document is revised, the version number will be incremented and new updates can be identified by the presence of an asterisk (*) before the page reference.

CORE BOOK

Page 70, Line of Sight, Cover

Change the second bullet point to read:

'The intended target is within ▲ of a point at which a Cover line crosses another operative's base (unless that other operative is not itself in the active operative's LoS), or a terrain feature that provides Cover (see page 72).'

Page 72, Terrain Traits

Add the following trait:

'**Scalable:** This trait can be applied to terrain features more than 2○ tall. Each time an operative climbs this terrain feature, the final incremental distance of less than ○ is ignored, instead of being rounded up to ○.'

Page 75, Drop

Change the first paragraph to read:

'A drop is when an operative descends from height without climbing. The operative must be within ▲ of the edge of the terrain feature it will drop from, and the intended location must be vertically within 3○ of the level it occupies. The operative can drop from that terrain feature counting the vertical distance it travels towards the total distance it moves. The vertical distance is measured in increments of ○, rounding down. Note that a total vertical distance of less than ○ is therefore ignored. An operative can perform a **Dash** action during a drop in order to reach its intended destination.'

MISSION PACKS

Shadow Operations: Octarius War Mission Pack (Kill Team: Octarius)

Page 93, Mission 3.3 Breach Defences, Spec Ops Campaign, Tac Ops Bonus

Change to read:

'If you scored 3 or more victory points from Security or Infiltration Tac Ops during this battle, you gain 1 additional Requisition point.'
