

ADEPTUS CUSTODES – SHIELD HOST

ARMY RULE

Created deep in the Emperor's Palace using esoteric gene-
alchemistries and other, even more mysterious processes,
the warriors of the Adeptus Custodes are the Emperor's
personal bodyguards. Known as the Ten Thousand, they
are the most elite warriors in the entire Imperium, and
are armed and armoured to match. In battle, they deploy
highly flexible fighting forces, from peerless infantry and
lightning-fast jetbikes to indomitable combat walkers and
line-shattering battle tanks. It is in melee combat that they
truly excel, however, each warrior having mastered the
nuanced and subtle fighting stances designed to dominate
the Custodians' many enemies.

MARTIAL KA'TAH

At the start of the Fight phase, select one Ka'tah Stance
from the list below to be active for your army until the
end of the phase. While a Ka'tah Stance is active for your
army, each unit from your army with this ability gains the
relevant ability.

KAPTARIS STANCE

*Kaptaris is optimised to trap enemy units in close
combat with the Custodes, where the elite warriors can
eliminate them.*

Each time a melee attack targets this unit, subtract 1 from
the Hit roll.

DACATARAI STANCE

*This aggressive fighting style has been adapted for
the Custodes to deal with hordes of foes who vastly
outnumber them.*

Melee weapons equipped by models in this unit have the
[SUSTAINED HITS 1] ability.

RENDAX STANCE

*Masters of Rendax are superlative monster and war-
machine hunters.*

Melee weapons equipped by models in this unit have the
[LETHAL HITS] ability.

ADEPTUS CUSTODES – SHIELD HOST

DETACHMENT RULE

If your Army Faction is **ADEPTUS CUSTODES**, you can use this Shield Host Detachment rule.

AEGIS OF THE EMPEROR

The cellular alchemy that creates the warriors of the Adeptus Custodes leaves them forever touched by a spark of the Emperor's own greatness. Beyond their martial might and incorruptible nobility, this energy manifests itself as an almost supernatural warding, as though the Custodians were protected by the hand of the Emperor.

ADEPTUS CUSTODES models from your army have the Feel No Pain 4+ ability against mortal wounds.

ADEPTUS CUSTODES – SHIELD HOST

STRATAGEMS

If you are using the Shield Host Detachment rule, you can use these Shield Host Stratagems.

ADEPTUS CUSTODES – SHIELD HOST

ENHANCEMENTS

If you are using the Shield Host Detachment rule, you can use these Shield Host Enhancements.

UNSTOPPABLE DESTROYER

This warrior is implacable on the field, the Emperor's will made manifest. No foe can hope to stop him achieving his goals, and those who stand before his battle fury see their death swiftly approaching.

- **ADEPTUS CUSTODES** model only (excluding **ANATHEMA PSYKANA** models). Each time the bearer ends a Charge move, select one enemy unit within Engagement Range of the bearer and roll one D6: on a 2-5, that enemy unit suffers D3 mortal wounds; on a 6, that enemy unit suffers 3 mortal wounds.
- Once per battle, after the bearer's unit ends a Charge move, all enemy units within 6" of the bearer must take a Battle-shock test.

INSPIRATIONAL EXEMPLAR

This warrior epitomises the martial genius of the Adeptus Custodes. His judgement is sound, his tactical acumen impeccable.

- **ADEPTUS CUSTODES** model only (excluding **ANATHEMA PSYKANA** models). The bearer has a Leadership characteristic of 5+.
- Once per battle, at the start of any phase, you can select one friendly **ADEPTUS CUSTODES** unit that is Battle-shocked and within 12" of the bearer; that unit is no longer Battle-shocked.

VEILED BLADE

An ancient weapon that burns with a bitterly cold and dark energy, the Veiled Blade is bestowed upon a Custodian who has vowed to recover that which should remain hidden from Humanity, and return it to the Dark Cells.

- **ADEPTUS CUSTODES** model only (excluding **ANATHEMA PSYKANA** models). Add 2 to the Attacks characteristic of the bearer's melee weapons.
- Once per battle, at the start of any Command phase, triple the bearer's Objective Control characteristic until the end of the turn.

CEASELESS HUNTER

This warrior never relents in the pursuit of his quarry – any apparent withdrawal he makes merely brings death to his foe sooner.

- **ADEPTUS CUSTODES** model only (excluding **ANATHEMA PSYKANA** models). The bearer's unit is eligible to shoot and declare a charge in a turn in which it Fell Back.
- Once per battle, when an enemy unit ends a Normal, Advance or Fall Back move within 9" of the bearer, if the bearer's unit is not within Engagement Range of one or more enemy units, it can make a Normal move of up to 6".
